This signature record book  
was discontinued with great reluctance  
in 1995.

With the advent of expanded access  
by mail and by electronic records,  
we see only a small percentage of  
our new voters face-to-face. There is  
no longer any legal requirement to  
keep this record. And so, the book  
is filled up and filed in the vault  
with signature books in a similar  
form dating back to 1877.

## **Your Enrollment as a Voter**

### **Choosing to enroll in a political party**

There are three political parties in Massachusetts:

- the Democratic Party
- the Republican Party
- the Independent Voters Party

If you enroll in any of these three parties you may vote only in that party's primaries.

Enrollment in a political party does not affect your right to vote in the general election. In this election all voters receive the same ballot and vote for the candidate of their choice regardless of party enrollment.

### **Choosing no enrollment in a political party ("independent" status)**

If you do not wish to enroll in a party (sometimes called "independent" status) check the box beside "no party or designation" or "unenrolled" on the registration form.

If you do not enroll in a party you may choose any party ballot you wish at the state and presidential primaries.

Once you choose a party ballot you automatically become enrolled in that political party. You may return immediately to "unenrolled" status by filling out a card as you leave the voting area.

### **Choosing to enroll in a political designation**

In addition to the three "political parties" listed above there are certain legal political designations on file with your local election office. Currently these are:

- New Alliance Party
- Libertarian
- Prohibition party
- Socialist
- Interdependent 3rd Party

If you enroll in any political designation you may not vote in any state or presidential primary.

### **Changing party enrollment or political designation**

Once you make an enrollment choice you may change your enrollment status by notifying your local election official in writing at least 28 days before a state or presidential primary.

Secretary of State**
